

getUserParameters

```
graph LR; A[getUserParameters] --> B[parseArgs]; B --> C[displayUsage];
```

A flowchart illustrating a sequence of three operations. The first operation, 'getUserParameters', is highlighted with a gray background. It is connected by a blue arrow to the second operation, 'parseArgs', which has a white background. This second operation is then connected by another blue arrow to the third operation, 'displayUsage', also with a white background. All three operations are contained within rectangular boxes with black borders.

parseArgs

displayUsage
